**DR. HAMILTON'S ELIXIR,**  
 A sovereign remedy for colds, obstinate coughs, asth-  
 mas, sore throats, and approaching consumptions.

To parents who may have children afflicted with the  
**HOOPING COUGH,**

**T**HIS discovery is of the first magnitude, as it is  
 an immediate relief, checks the progress, and in  
 a short time entirely removes the most cruel disorder  
 to which children are liable, the Elixir is so perfectly  
 agreeable and the dose so small, that no difficulty  
 arises in taking it.

From **LUTHER MARTIN, Esq;** attorney-general  
 of the State of Maryland.

Gentlemen,  
 I comply with your request in stating my opinion  
 of Hamilton's elixir. It has been used in my family  
 for two or three years past, with uniform success,  
 whenever colds, coughs, or similar complaints have  
 rendered medicine necessary. I have myself found it  
 an excellent and agreeable remedy for a very pain-  
 ful and troublesome affection of the breast, accom-  
 panied with soreness and with obstructed and difficult  
 breathing.

On these accounts I do not hesitate to recommend  
 Hamilton's elixir, as a valuable medicine, and deserv-  
 ing public attention.

## **LUTHER MARTIN.**

Mr. Abijah Henly, Bridge-street, Baltimore, was  
 cured by one bottle of Hamilton's elixir, of a very  
 complicated disorder occasioned by a severe cold  
 caught several months ago. He breathed with the  
 greatest difficulty, and was often thrown into weaken-  
 ing sweats when he attempted to walk any distance, and  
 his voice would frequently fail in such a degree that he  
 could only attempt to whisper; he has been upwards  
 of six weeks without a return of his complaints, and  
 desires to give this public testimony in favour of this  
 invaluable medicine.

## **DR. HAMILTON'S GRAND RESTORATIVE**

IS recommended as an invaluable medicine, for the  
 speedy relief and permanent cure of the various com-  
 plaints which result from dissipated pleasures—juvenile  
 indiscretions—residence in climates unfavourable—  
 the constitution—the immoderate use of tea, frequent  
 intoxication, or any other destructive intemperance to  
 the unskillful or excessive use of mercury—the diseases  
 peculiar to females, at a certain period of life—bad  
 layings in, &c. &c.

And is proved by long and extensive experience,  
 to be absolutely unparalleled in the cure of

Nervous disorders	Violent cramps in the
Consumptions	stomach and back
Lowness of spirits	Indigestion
Loss of appetite	Melancholy
Impurity of blood	Gout in the stomach
Hysterical affections	Pains in the limbs
Inward weaknesses	Relaxations
Seminal weaknesses	Involuntary emissions
Fluoribus (or whites)	Obstinate gleets
Barrenness	Impotency, &c. &c.

In cases of extremity where the long prevalence  
 and obstinacy of disease has brought on a general  
 impoverishment of the system, excessive debility of  
 the whole frame, and a wasting of the flesh which no  
 nourishment or cordial could repair, a perseverance in  
 the use of this medicine has performed the most astun-  
 nishing cures.

## **HAMILTON'S**

**ESSENCE AND EXTRACT OF MUSTARD,**  
 A safe and effectual remedy for gout, rheumatism,  
 palsy, sprains, bruises, pains in the face and neck,  
 &c.—And has performed more cures in the above  
 complaints, than all the other medicines ever before  
 made public.

From **Dr. Weatherburn,**  
 Wythe county, Virginia.

Gentlemen,  
 I purchased at your shop the preparations you call  
 Hamilton's Essence or Extract of Mustard, which  
 I believe has perfectly removed a chronic rheu-  
 matism (of that kind named Raticia, or of the hip  
 joint), under which I had laboured for a long time,  
 and which had baffled every article in the Materia  
 Medica, and every mode of treatment received into  
 practice for the cure of this obstinate disease.—If  
 you think this letter useful you are at liberty to make  
 it public, Yours, &c.

## **P. WEATHERBURN.**

**JOHN HOOVER,** rope-maker, South Second  
 street, between Mary and Christian-streets, Philadel-  
 phia, voluntarily maketh oath as follows, namely—  
 that his wife Mary Hoover was so severely afflicted  
 with violent rheumatism, very dangerously situated,  
 the consequence of a severe cold after lying in, as to  
 be confined to her bed for several weeks, and was at  
 length reduced to the melancholy apprehension of re-  
 maining a cripple for life, notwithstanding the most  
 respectable medical advice was followed, and every  
 probable remedy attempted; when seeing several  
 cases of cures performed by Hamilton's Essence and  
 Extract of Mustard, they were procured from Mr.  
 Birch, No. 17, South Second-street. The first ap-  
 plication enabled her to walk across the room, and

the use of one bottle restored her to her usual state of  
 health and strength.

 county.

## **HAMILTON'S WORM DESTROYING LOZENGES.**

Which have within four years past cured upwards  
 of one hundred and twenty thousand persons of both  
 sexes, of every age, and in every situation, of va-  
 rious dangerous complaints arising from worms, and  
 from obstructions or foulness in the stomach and  
 bowels.

This medicine bears no analogy whatever of similar  
 title, so commonly complained of as operating with  
 violence; on the contrary, a particular excellence  
 of this remedy is its being suited to every age and  
 constitution; contains nothing but what is perfectly  
 innocent, and is so mild in its operation that it can-  
 not injure the most delicate pregnant lady, or the  
 tenderest infant of a week old, should no worms exist  
 in the body, but will, without pain or griping, cleanse  
 the stomach and bowels of whatever is foul, or offen-  
 sive, and thereby prevent the production of worms  
 and many fatal disorders. They are particularly ef-  
 ficacious in carrying off all gross humours and eruptions;  
 feverish and bilious complaints, and are the  
 safest and mildest purgative that can be used on any  
 occasion.

## **DESCRIPTION OF WORMS,**

And the symptoms by which they are known.

**WORMS** which infest the human body, are chiefly  
 of four kinds, viz. the Teres or large round worm,  
 the Ascarides or small maw worm, the Cucurbitina  
 or short flat white worm, and lastly, the Taenia or  
 tape worm, so called from its resemblance to tape—  
 this is often many yards long, and is full of joints—  
 it is the most hurtful and most difficult to cure.

Among the symptoms attending worms are, dis-  
 agreeable breath, especially in the morning; bad and  
 corrupted gums—itching in the nose and about the  
 seat—convulsions and epileptic fits, and sometimes  
 privation of speech, starting and grinding of the  
 teeth in sleep—irregular appetite, sometimes loathing  
 food, and sometimes voracious—Purging, with slimy  
 and fæted stools—vomiting—large and hard belly—  
 pains and sickness at the stomach—pains in the head  
 and thighs, with lowness of spirits—low fever, with  
 small and irregular pulse—a dry cough—excessive  
 thirst—sometimes pale and unhealthy countenance,  
 and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms,  
 should have recourse to *Hamilton's Worm destroying*  
*Lozenges* which have been constantly attended with  
 success in all complaints similar to those above de-  
 scribed.

A dose of this medicine given occasionally during  
 the warm season, will effectually prevent the vomiting  
 and purging of children, a dreadful disorder which  
 annually destroys thousands of the infant part of our  
 cities. It is likewise the mildest and most certain re-  
 medy known, and has restored to health and strength  
 a great number when in an advanced stage of this  
 fatal complaint. Particular and plain instructions are  
 given for every part of the necessary treatment in  
 such cases.

Children generally take this medicine with eager-  
 ness; having a pleasing appearance, and an agreeable  
 taste.

## **CASES OF CURES.**

(Selected from thousands) the authenticity of which  
 any person may ascertain, either by letter or personal  
 application.

## **TAPE WORM.**

**Mr. SAMUEL FULLER,** Inn-keeper, on the  
 Harford road, ten miles from Baltimore, began about  
 20 months ago to be grievously afflicted with a tape  
 worm, which increased fast in size and strength, so as  
 to excite the most horrid sensations by its writhing  
 motions and intolerable pains, resembling the gnaw-  
 ing and tearing of his bowels, which deprived him of  
 his necessary sleep, and caused such dreadful appre-  
 hensions as cannot be conceived but by one in a si-  
 milar situation—his appetite wasted rapidly, and with  
 that his strength, so that he was unable to attend to any  
 business—when he heard of some excellent cures per-  
 formed by Hamilton's worm lozenges, he took a large  
 dose, which brought away about **FOUR YARDS** of  
 the worm (now in the possession of Lee & Co.)—  
 but a renewal of his pains soon convinced him  
 that this monstrous reptile had recovered its first vi-  
 gour—Application was made to Lee & Co. for more  
 of their medicine, with their advice—from which re-  
 sulted the total expulsion of his formidable enemy,  
 in several pieces, which he supposed to be **SIX** or  
**EIGHT YARDS** more. A few months have since  
 elapsed, and Mr. Fuller is now in perfect health.  
 The above facts are well known to a numerous circle  
 of his neighbours, and himself will gratify any who  
 may wish to make further inquiries on the subject.  
 Although Hamilton's worm lozenges produce such  
 powerful effects, when necessary, yet they are per-  
 fectly innocent and mild in their operation on the  
 human body, even taken in large doses, as Mr. Full-  
 er will testify—their peculiar mildness is abundantly  
 evident in innumerable cures of infants.

Communicated by **Dr. John Spangler,** York-town,  
 Pennsylvania.

Letter from the reverend **Mr. JOHN MOLTHER,**  
 minister of the Moravian church, in York-town.

Dear Sir, I have been recommended  
 to me as a very adequate means for the cure of chil-

dren afflicted with worms, I procured a box for the  
 use of my family, to try, whether by means of this  
 medicine, I might be enabled to gain a point, which,  
 to accomplish, different other means had proved abso-  
 lute. My eldest boy had a very sickly appearance,  
 was very restless at night, grew leaner from time to  
 time; in short, he seemed to be in a precarious state  
 of health, which would yield to none of the medicines  
 administered, until I gave him two doses of lozenges,  
 agreeably to the directions, which carried off a sub-  
 stance to all appearance a mere mucus, but upon close  
 inspection quite replete with very small living ani-  
 mals. Not one of that sort of worms which usual-  
 ly afflict children, came from him. Since that pe-  
 riod he grew remarkably better in health, and though  
 lean, has got a fresh and lively complexion. Upon  
 different occasions I have used this medicine, as a  
 purging substitute, and found it to answer exceed-  
 ingly well, without bringing on belly-ache, or any  
 of those disagreeable sensations, so often occasioned  
 by purging medicines. Upon the whole, I judge this  
 medicine to be, besides its main object, one of the  
 most salutary means for restoring lost appetite, and  
 promoting a proper state of digestion, by carrying off  
 that bilious substance, which engenders, to much in-  
 disposition both among children and adults.

I am, Sir, your most obedient servant,  
**JOHN MOLTHER.**

 peding that natural, insensible perspiration which is  
 essential to health—Yet its salutary effects are speedy
